

# Biochemistry & Molecular Biology

## Legend

<b>No.</b>	The row number of the journals in the result table.
<b>Journal</b>	The name of the journal.
<b>Rank, PII</b>	The rank of journal among all journals based on PII.
<b>JII</b>	Journal Influence Index, the score of the journal calculated by our method, the bigger the more impactful.
<b>PII</b>	Paper Influence Index, the JII divided by Article Number multiplied by 1000.
<b>B2(2005)</b>	The average number of citations received by papers published in the journal in the 2 preceding years before 2005 (2004,2003) from all the papers published in 2005.
<b>B4(2005)</b>	The average number of citations received by papers published in the journal in the 4 preceding years before 2005 (2004-2001) from all the papers published in 2005.
<b>B6(2005)</b>	The average number of citations received by papers published in the journal in the 6 preceding years before 2005 (2004-1999) from all the papers published in 2005.
<b>Rank, JII %</b>	The rank percentage based on JII ( Division of JII on the highest JII value) X 100
